

D-Bowl Stainless Steel Kitchen Sink

We are proud to introduce a new line of stainless steel kitchen sinks made in the USA. This new collection of kitchen sinks is made from 300-series stainless steel. Stainless steel sinks have remained the most popular choice in kitchens for decades. The sleek look and durability of steel makes our sinks the perfect fit for every kitchen. The high quality stainless steel is guaranteed not to rust or stain and the brushed satin finish helps to hide small scratches that naturally occur over time. All of our stainless steel sinks are backed by a limited lifetime warranty.
