

Single Bowl Dual-Mount Copper Sink

Our handcrafted copper sinks add warmth and richness to a variety of décors. They come in a hammered finish with a beautifully aged patina. The hammered finish helps to hide small scratches that may occur over the lifetime of the sink.

Copper is naturally antibacterial and will not rust or stain, making it easy to maintain. Our copper sinks are made using a one-piece construction process giving you the strongest copper sink you will find. Each sink is fully insulated with sound dampening pads.
