

Equal Double Bowl Topmount Stainless Steel Sink

Stainless Steel Sinks are the most popular choice for today's kitchen. Stainless steel has long been used in kitchen environments for its clean look and durability. Our sinks are made from 304 grade stainless steel that contains 18% chromium and 8-10% nickel and are guaranteed not to rust.

This makes the steel "stainless" and is the highest quality steel used in kitchen sinks. The brushed finish of our sinks is preferred over our competitors for its ability to hide small scratches than can occur over time. We warranty all sinks to last the lifetime of your home.
